DECLARATION OF SCOTT MATTHEWS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

1. My name is Scott Matthews, I am over 21 years of age, and make this declaration based upon my own personal knowledge. All of the statements contained herein are, in all things, true and correct.
2. I am employed as a paralegal at Fulbright & Jaworski L.L.P.
3. From a review of the corresponding Fulbright & Jaworski file and Fulbright & Jaworski's docketing system, the Notice of Allowability (Form PTOL-37) Office Action and the accompanying Notice of Allowance and Fee(s) Due (Form PTOL-85) (having a purported mail date of July 19, 2007) for the above-identified matter was not received at the correspondence address.
4. In the course of my regular duty of performing due diligence review of the status of pending patent applications on October 25, 2007, I discovered the Notice of Allowability (Form PTOL-37) Office Action and the accompanying Notice of Allowance and Fee(s) Due (Form PTOL-85) (having a purported mail date of July 19, 2007) for the above-identified application through the USPTO's PAIR system.

5. The Notice of Allowability (Form PTOL-37) Office Action and the accompanying Notice of Allowance and Fee(s) Due (Form PTOL-85) were printed and transferred internally to Fulbright & Jaworski's patent docketing personnel. Therefore, the Notice of Allowability (Form PTOL-37) Office Action and accompanying Notice of Allowance and Fee(s) Due (Form PTOL-85) were stamped as received by the docketing personnel on October 25, 2007. A true copy of the date stamped Office Action is attached herewith as Exhibit A.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Date: October 31, 2007
